# SAVE THE DATE!

MarBorg will be hosting a household paper shredding event on Saturday, April 12th from 7:30 am to 1 pm at the Santa Maria Recycling Center (1850 W Betteravia). Rain or shine. Limit 10 boxes/bags per car. Please remove all items other than paper (and paper clips) from your boxes/bags. All other items will damage the shredder.

In addition to your weekly waste service, MarBorg provides residential customers up to **4 FREE** bulky waste clean-ups (5 items maximum per clean-up) each year. These clean-ups are for large items like mattresses, furniture, or appliances. Bulky item clean-ups are also available for apartments and multi-family residents but must be scheduled by the property manager or owner. Multi-family customers are entitled to a number of **FREE** annual clean-ups (5 items maximum per clean-up) equivalent to the dwelling units in the building or complex. All bulky item clean-ups must be scheduled in advance, so call MarBorg at (805)-963-1852 to schedule yours today!

# Safely Dispose of Unused and Unwanted Medications from Home

Improper disposal of medications can pose a danger to people, animals, and the planet. Please don't flush them or put them into the trash. Instead, use one of the free programs available locally.

In addition to several **collection kiosks** throughout the county at drug stores, health clinics, and law enforcement offices, residents can safely dispose of their medications right from home.

Under this program, you can request a **FREE** mail-back disposal kit delivered directly to your front door or post office box. Simply submit a request online at [www.MedTakeBackCalifornia.org](http://www.MedTakeBackCalifornia.org).

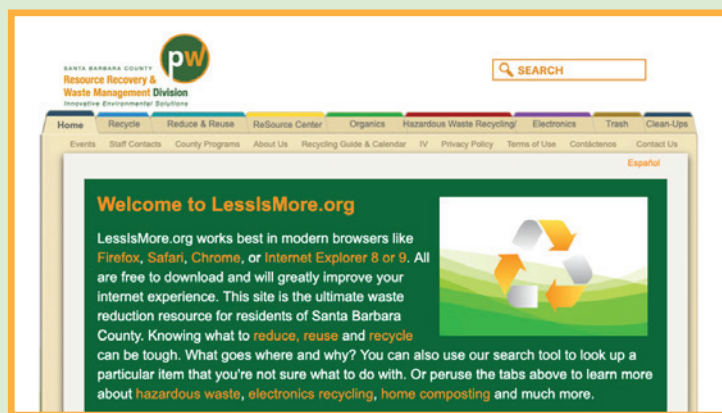

Once you receive your kit, fill it with your unwanted medications and follow the mail-back instructions using the included postage-paid label. You can mail your package from any United States Post Office. The collected medications will be safely disposed of at an approved facility.

Learn more about the safe disposal of sharps and medications at [www.LessIsMore.org/meds](http://www.LessIsMore.org/meds).
